

September 7, 2019

Dear RPEA Members,

We have become aware that, despite the court order in the DVA lawsuit, Moda is still implementing the illegal plan. We plan to address this conduct with the court soon.

However, if any member has a dental service claim denied or reduced, it would be best to submit an appeal to Moda for any denial since May 1, 2019. We suggest using the following appeal language:

"The denial of this service, or reduced coverage or payment for the service, is a violation of the Order of the Superior Court."

Please let me know if anyone has questions.

Sharon
